

APPENDIX D.

Joint Address of the Members of the Mysore Representative Assembly,
25th October 1901.

To P. N. Krishna Murti, Esq., C.I.E. the Dewan of Mysore,

SIR,

We, the Members of the Mysore Representative Assembly, beg to offer to you our sincere congratulations on your elevation to the Dewanship of Mysore.

It gives us infinite pleasure to see that Her Highness the Maharani-Regent has shown her profound appreciation of your eminent ancestry and your equally eminent intellectual attainments and moral gifts, by calling upon you to exercise the duties and responsibilities of a place which at the beginning of the last century your illustrious ancestor filled with such ability, loyalty and benevolence.

We beg to remind you, Sir, that Mr. L. Bowring, C.S.I., the most talented Chief Commissioner of Mysore, wrote in his "Eastern Experiences" 30 years ago, that you had received an excellent education, that you were one of the foremost subjects of this State and that you might fairly aspire to the post once occupied by your distinguished ancestor. It gives us no ordinary pleasure to see the prophecy of this far-seeing statesman so happily realised now. We know full well, Sir, what these 30 years have done to make you exceptionally fitted to do justice to the duties of the office which you are now called upon to perform; and we are confident that your administration will be crowned with such success as will equal if not surpass that which attended the administration of your illustrious ancestor.

We have the honor to inform you, Sir, that the Assembly to which we belong was brought into existence by His Highness the late Maharaja Sri Chamarajendra Wodiar Bahadur, G.C.S.I., of blessed memory, in consultation with our well-wisher and statesman the late Mr. C. Rangacharlu, and invite your attention to the order of His Highness the Maharaja, dated the 25th August 1881, which runs as follows:—
"His Highness the Maharaja is desirous that the views and objects which his Government has in view in the measures adopted for the administration of the Province should be better known and appreciated by the people *for whose benefit they are intended* and he is of opinion that a beginning towards the attainment of this object may be made by an annual meeting of the Representative Landholders and Merchants from all parts of the Province before whom the Dewan will place the results of the past year's administration and a programme of what is intended to be carried out in the coming year. Such an arrangement, by bringing the people into immediate communication with the Government would serve to remove from their minds any misapprehensions in regard to the views and actions of the Government and would convince them that the interests of the Government are identical with those of the people."

We most respectfully beg leave to hope, Sir, that in you, the aims and objects which animated our beloved Maharaja, the late lamented Sri Chamarajendra Wodiar Bahadur and his able minister Mr. C. Rangacharlu, will be truly realised, and that the interests of the Assembly will be advanced by you in every possible way.

We are deeply grateful to the Government of India for the exceptionally good arrangement made for the education of His Highness the Maharaja, and we are delighted to see the remarkable progress made by His Highness under his able and distinguished Tutor and Governor Mr. S. M. Fraser, I.C.S., a progress which bids fair to make him very shortly the foremost of the Native Princes of India.

That God the Almighty may bless you with health and strength and strong resolution to conduct the administration of this State in the paths of mercy and righteousness, and make the country prosperous in the material, moral and intellectual progress is the prayer of your most obedient servants.

MR. C. KRISHNA MURTI'S ADDRESS.

25TH OCTOBER 1901.

SIR,

I am desired to say a few words in reply to the interesting Address which you were pleased to deliver just now.

The records of the year are full of facts of historic importance. The death of Her Most Gracious Majesty Empress Victoria created profound sorrow in this country, particularly owing to the deep and continued interest which Her Majesty evinced in the prosperity of the State. The prevalence of scarcity bordering on famine, the ravages of plague, and the death of Sir K. Sheshadri Iyer form also the special features. It is a source of some satisfaction to us to see that the seasons have improved and that the public health shows signs of improvement.

The announcement of re-survey and settlement in your Address causes in our minds some amount of anxiety. It is earnestly prayed that the prospects of the raiyats may not be sacrificed in the only interests of the public revenue.

We sincerely thank you, Sir, for the kind promise you have just now made in the improvement of rural roads and bridges and the construction and restoration of minor works of irrigation and tanks and of projects intended to combat famines and scarcities. Such works are more conducive to the happiness of the subjects inhabiting all parts of the State than works of gigantic nature.

It is essential, seeing the safeguards that exist in British India and in the Native State of Travancore and elsewhere are wanting here, that some beginning should be made in trying to bring the non-official opinion to bear upon all questions of legislation before they are finally adopted and promulgated into the State.

Any improvements that may be made for the practical working of the Agricultural Banks will be hailed with delight by the rural population, seeing that some local officers construe the existing rules and orders in a light which is not quite conducive to the formation of more Banks.

We are delighted to see that our young Maharaja Sri Krishna Raj Wodiar Bahadur has made excellent progress in his education to befit him to assume the duties and responsibilities of the exalted position. We feel grateful to his Tutor and Governor Mr. S. M. Fraser, I.C.S., for his happy training of the Maharaja and to the Government of India for the suitable selection on the representation of the Members of this Assembly.

In conclusion, we beg to offer our sincere thanks to Her Highness the Maharani Regent for the motherly interest she has been taking in the welfare of her subjects and to you for the kind promises you have made.

THE PLANTERS' ADDRESS.

25TH OCTOBER 1901.

The following is the Address read by Mr. C. H. Godfrey on behalf of the North Mysore Planters' Association at the Representative Assembly on Friday:—

MR. KRISHNA MURTI, DEWAN, AND GENTLEMEN.—Before proceeding with the two subjects I have been asked to bring before you, I would wish, on behalf of those I represent, to congratulate you, Mr. Krishna Murti, on your succession to the high office of Dewan of Mysore, and hope that the recent most timely fall of rain—coming as it did when so sorely needed in many parts of the State—may be a happy augury for a continued series of favourable seasons so urgently required as they are, for the welfare of most of its inhabitants, (I might say in some cases for their existence) and tending equally to the prosperity and happiness of all.

The first matter that the North Mysore Planters' Association asks me to place before you, is the opening of a road from a point near Kulhuttupur, on the Lingathully-Bababuden road (now under construction) towards Hebbl. This would be of great benefit to a large area under coffee; an area too that has been under cultivation for fully forty years with no means of communication brought conveniently near it; and though we feel it difficult to ask again so soon after the ready help lately afforded us through the Local Fund Board in a like matter, yet we would ask you to bear this project favourably in mind.

Secondly. The Preservation of Game and Fish in Mysore. We have to thank you for the Regulation passed already, and trust that in conjunction with a serviceable set of Rules the same may be of great benefit. Regarding the Rules we sincerely hope that the way may be seen to a favorable consideration of the suggestions of the Game and Fish Preservation Association of Mysore; not that they are put forward as perfect; but, feeling as we do, that they have only been framed with due and studied regard both for the object in view and the varied interest of all concerned.

MR. P. BOSWORTH SMITH'S ADDRESS.

25th OCTOBER 1901.

Your Excellency and Gentlemen,

On behalf of the Kolar Gold Field Mining Board I beg to offer to your Excellency our sincere congratulations on your appointment of Dewan to the Mysore State. In so doing we must express our gratification that the high honor has fallen upon so distinguished and enlightened a gentleman. We feel fully convinced that under your guidance the Mysore Government will give every help and assistance to an industry which has so materially assisted the revenues of the State, and given employment to so many thousands of its inhabitants.

Your Excellency's recent visit to the Gold Field, so soon after being appointed Dewan, has been hailed by the Board as a sign that the Gold Field and its welfare will have your Excellency's personal care and thought.

Police.—Our thanks are due to the Government for the augmentation of the Police Force, and for the supply of carbines for their use. We hope this increased Force will realize the Government's anticipation that it will eventually prove strong enough to cope with the state of lawlessness which has existed on the Field for some time past. We beg to draw the Government's attention to the fact that, as no cartridges have been supplied with the carbines, nor a suitable Armoury provided to store the weapons in, they must perforce remain unused in their boxes.

Our best thanks are due to Government for the inception and construction of the Kaveri Power Scheme; for granting permission to the Mines to erect telephones throughout the Field; for the Railway re-alignment, and for the much needed Government Hospital.

Roads.—Our thanks are due for the vote of Rs. 21,000, sanctioned in this year's budget for the widening and repair of dangerous portions of our roads, also for sanctioning the construction of an over-bridge at Balaghat. It is to be hoped that the public will soon be allowed the use of this bridge which has been completed several months. The approaches to the temporary level-crossing are now a source of constant danger to both foot and vehicular traffic.

We have always tried to impress upon the Government the importance of good means of communication and transport, and to point out the inadequate sums voted for road making and road repair on the Gold Field and its vicinity. Noticing that your Excellency has stigmatized the last grant as being "somewhat deferred," we now feel that this subject will be looked upon in a more liberal spirit than heretofore has been the case.

INDEX OF SUBJECTS

TREATED OF IN THE DASARA PROCEEDINGS FOR 1901.

[N. B. "A"—Denotes Dewan's Address.]

A	SUBJECT No.	PAGE
Accommodation,—for caste Hindus in trains	171	72
